

**200 HORSES
WERE BURNED****In Fire in Big Livery Stable
in Baltimore****WAS SPECTACULAR BLAZE****There Were 300 Animals in Stables of
Moses Fox & Son, Which Were De-
stroyed Today--Worst Since
Memorable Fire.**

Baltimore, Md., April 14.—Fire this morning completely destroyed the livery stable and auction stables of Moses Fox & Son on North street. The fire was one of the most spectacular since the memorable fire of two years ago. There were over 300 horses in the stables at the time, and it is estimated that two hundred were lost.

MITCHELL IS HOPEFUL.**Does Not Consider President Baer's Re-
ply of Thursday Final.**

New York, April 14.—John Mitchell, president of the miners' union, was busy yesterday preparing to close the headquarters here and return to Indianapolis. All the members of the general scale committee have left for their homes in the anthracite regions and will not be called together again until after the operators reply to the proposition submitted Thursday by the miners. In face of the pessimistic expressions of some members of the scale committee, President Mitchell is hopeful of a peaceful ending of the controversy with the operators will result. He believes the operators will make an answer which will permit a continuance of negotiations instead of abruptly ending them.

Mitchell said: "I do not consider the reply received yesterday from President Baer as final. It was written on the spur of the moment, and without deliberation. I expect the answer yet to come from Baer in a week or two will open up a new line and I do not think the situation such that there will be a strike. There is reason to believe that the operators may see a new light."

**VESUVIUS QUIETING
EXCAVATING HAS BEGUN****Two Families Dug Out of Cave and
Found to Have Suffered But Little
—Crater Discharge Is
But Slight.**

Naples, April 14.—Vesuvius continues to grow quieter and the activity of the volcano is greatly reduced. The discharge from the crater is slight. Rescuers are pushing their work with renewed vigor and excavations are being made in the villages which were buried under ashes and cinders. At Ottaviano today two different families were dug out and found to have suffered little. They had taken refuge in a cave and were well supplied with food and wine. They had suffered some from lava and water, but otherwise they showed no ill effects from being buried under the fall of ashes.

At Boscorenze, the exhumation of the dead is being carried on by soldiers, who owing to the advanced state of decomposition of the corpses, are unable to work more than an hour at a time. The work is one of great cost of money, as well as of danger and arduousness to those engaged in it. Many of the bodies are merely shapeless, unrecognizable masses of flesh and bones, while others are but little disfigured. As quickly as possible they are buried in quicklime, to lessen as far as may be the danger of epidemic. None but those engaged in the work of recovering the corpses are permitted in the vicinity.

After the last great eruption in 1872, the land covered by cinders did not produce crops for seven years, and the losses in this respect were averaged \$20,000,000 yearly. It is believed that will take ten years to bring the land under cultivation again.

WASHED EACH OTHERS FEET.**Convention of "The Church of God and
Saints of Christ" Begun.**

Plainfield, N. J., April 14.—The convention of the negro sect which calls itself "The Church of God and Saints of Christ" began here last night. The sect claims that negroes are the real Jews and their service is a strange mixture of the Hebrew and Christian rites. At the opening of the service Jewish rites were simulated and communion was partaken of. The service was called the Feast in the Wilderness. It was opened with the blowing of the same horn. Then followed eating of unleavened bread and the partaking of the flesh of a lamb. Following this there were baptisms, the washing of each others feet and the breathing in of the spirit.

COLLISION ON BRIDGE.**No One Seriously Hurt And There Were
Few Passengers.**

New York, April 14.—Traffic on the Brooklyn bridge was seriously interrupted last night by a collision of two elevated trains at the Brooklyn end of the structure. A Ridgewood train and a Lexington avenue train collided in the terminal and two cars were turned on their sides. Very few passengers were in them and no one was seriously injured. The accident threw all the bridge travel to the surface cars which were overtaxed.

Prominent W. C. T. U. Woman.

Boston, April 14.—Mrs. Amelia H. Wood, a former state treasurer of the Woman's Christian Temperance Union, died this morning at her home in Somerville, in the eighty-third year of her age.

**ONE BILLIARD RUN
OF 168 POINTS****Registered by Sutton in His Match With
Parisian Billiardist—Hoppe Beat
Morningstar Easily Yesterday
Afternoon.**

New York, April 14.—Louise Cure, the Parisian billiardist, played his third game in the world's championship 18.2 last night and defeated George Sutton, 500 to 427. Cure played a steady game and at the end of the 10th inning was 250 points ahead of Sutton. The latter is noted for his nursery lays, and he gave a fine exhibition of nerve and skill when he made the high run of the week's play in his 16th inning, scoring 168 points.

Cure's average was 21.17-23 and his high runs 100, 85, 76 and 59. Sutton's average was 18.13-23 and his high runs 168, 60, 52 and 31.

Willie Hoppe, the young American expert who holds the world's championship title at 18.1 billiards, defeated Ora Morningstar in the afternoon game, 500 to 257. The game was finished in the 26th inning. Hoppe played in masterly fashion all the way through. His best run was 105 in the 12th inning, during which he resorted to every shot known in billiards. Neither man scored in the opening attempts, but Hoppe got the balls rolling nicely in the second inning, which was productive of 93 points.

Morningstar did not play as well as in his previous games this week, but some of his work was very clever. His best effort resulted in a run of 37 in the ninth inning.

Hoppe's average was 19.6-26, high runs 105, 93, 58, 50.

Morningstar's average was 7.25-26, high runs 37, 25, 22, 22.

**RUTLAND ENTHUSIASTIC
OVER BASE BALL****Elects P. F. McManus Manager — Col-
lege Men All Over Country Are
Asking for Chance to
Play.**

Rutland, April 14.—At a meeting of the Rutland Base Ball association stockholders last night it was unanimously decided that Rutland should be represented in the Northern Base Ball League by a snappy team and it is possible to secure Attorney P. F. McManus of this city was engaged as manager of the team.

The Rutland street railway company started the list of contributions for the support of the team with \$150 and a good sum was raised. H. O. Carpenter and Walter Kinsman will canvass for subscriptions, and the association voted to give a laser. There are large numbers of applications on file from college men all over the country for positions on the team. The local season will open early in June.

DOWN AND OUT.**Senator Platt Will Not Try for Re-
Election.**

New York, April 14.—The Herald today says: "Seated at his desk in his office in the United States Express company's building yesterday, Senator Thomas C. Platt declared he would make no effort to be re-elected to the United States Senate at the expiration of his term in 1909."

"It is true," he said, with a touch of sadness in his tones, "that I do not expect to return to the Senate when my present term ends. I will have gratified my desire for public office by that time."

Further than this the senior senator from New York would make no comment on his intended action. Asked whether developments in the insurance investigation had influenced him in forming his decision, he withheld an answer. To friends he had said recently, however, that he had made up his mind long ago not to seek another term.

BURNS WERE FATAL.**Mrs. Mary A. Ward, Aged Resident of
Milford, Mass., Dies.**

Milford, Mass., April 14.—Mrs. Mary A. Ward, 55, Main street died at the Milford hospital last evening from the result of burns. She did not regain consciousness from the time she was taken there in the forenoon.

The exact manner of the accident is yet unknown, but it is supposed she was working about her kitchen stove and her clothes caught fire. She tried to put out the flames with a tablecloth and then ran out doors to drown the fire of stairs to a small barn where her plight was seen by Mr. Taylor and John Bird. They wrapped her in a horse blanket, but she had been badly burned.

3,000 IN PITCHED BATTLE.**Pierce Religious War Between Different
Sects of Catholics in Warsaw.**

London, April 14.—The correspondent at Warsaw of the Chronicle reports that the conflict between the Mariavite sect and the orthodox Catholics is increasing in intensity. A pitched battle in which 3,000 persons participated occurred on Friday in the environs of Warsaw, resulting in two Catholics being killed and thirty wounded. Grave fears are entertained of disturbances during the Easter fetes. The Pope, the correspondent adds, has written to the Polish archbishop denouncing the Mariavite priests.

SHOCKED BY IT.**New York Man Invents a New Explosive
and Is Hurt by It.**

Mount Vernon, N. Y., April 14.—Prof. Wambacher, a German chemist, who has invented a new explosive which he claims to be twenty times more powerful than dynamite, was severely burned and shocked last night by an explosion in his laboratory near East Chester. He is in the hospital here and while suffering severely he is not believed to be in any danger.

**PROMINENT
MEN NAMED****In the Indictments Brought
in Buffalo N. Y.****CAUSED A SENSATION****Five Men Charged With Connection
With a Cemetery Scandal in Which
One Man Has Been Convicted
of Stealing Funds.**

Buffalo, N. Y., April 14.—Just before adjourning tonight the grand jury voted to indict Fred Greiner, postmaster, Fred O. Murray, recently appointed collector of the port, Bernard J. Piess, former supervisor, Robert S. Woodbury, former clerk to the board of supervisors and at present secretary to William S. Brown, representative in congress, and John H. Stock, former supervisor of Cheektowaga. The publication of the vote to indict these men on charges in connection with the North Street Cemetery scandal in which Rowland J. Conover had been convicted of stealing county funds, produced a sensation.

The action of the grand jury is not final. Justice Kenefick has adjourned the court until Monday when the jury will report.

SUSPICIOUS OVER-DEATH.**Miss Della Wood Died Suddenly and No
Report Made to the Authorities.**

Rutland, April 14.—Through a message to the undertaking rooms of Green Bros. at Fair Haven at noon yesterday the authorities first learned that Miss Della Wood, aged 21 years, died suddenly at the home of her parents in Blissville Thursday, and an inquest into the death of a child whose untimely body was found in Cedar Grove cemetery that day, was postponed to await an autopsy on the body of the young woman. Miss Wood lived with her parents, Mr. and Mrs. Joseph Wood, at the Eagle state quarry, near North Point, and was one of five children. She was remarkably stout, weighing over 200 pounds, and was five feet five inches in height. Why her death was not reported is a puzzle to the authorities.

State's Attorney R. A. Lawrence of this city went to Fair Haven to attend the inquest over the body of the child, but after a conference it was decided to postpone this until after the autopsy on the body of the young woman.

IS FEELING BETTER.**Sheriff Peck Is a Candidate for Re-
election.**

Windsor, April 14.—Sheriff H. H. Peck of White River Junction was in town yesterday and says that he is feeling much better than he did in the winter. He is a candidate for re-election and there is absolutely no opposition to his candidacy.

Charles Batchelder of Woodstock, the present State's attorney, is out for the nomination in a letter to the county papers, saying that several of his friends have asked him to run again, and that he is a candidate for re-election.

The other candidates are Edward R. Buck of this town and Homer L. Skeele of Ludlow.

**DOWIE WOULD SETTLE
FOR \$1,000,000****And Give Church of Zion \$100,000,000.
Is the Report—Peaceful Settle-
ment of the Trouble Is Said
to Be in Sight.**

Chicago, April 14.—Peaceful settlement of the strike between John Alexander Dowie and those of his followers who recently rebelled under the leadership of Wilbur Glenn Voliva is in sight, according to statements made last night by the legal advisers of Dowie and Voliva. After an all-day conference Emil C. Wetton, representing Dowie, last night said:

"We are nearer a peaceful solution of this question tonight than we have been at any stage of the proceedings. We have changed our minds relative to the filing of a bill of equity, desiring the transfer of the ownership of the property of Zion City by Voliva to Deacon Alexander Granger to be void, and will await further developments."

"Today, as a matter of formality, we filed a paper declaring the power of attorney given to General Overseer Voliva by Dowie absolutely void, inasmuch as Voliva had not acted in accordance with the instructions given him in reference to the execution of the power delegated to him by Dowie."

According to the contestants, the decision of the court on the validity of the telegraphic revocation of the power of attorney will decide in whom rests the control of Zion City. On this question Attorney Wetton said:

"The telegraphic revocation of the power of attorney is absolutely legal, and will stand in any court of law."

Jacob Newman, counsel for Voliva, said last night:

"Dowie and his advisers admitted today that we have in our possession documentary evidence to the effect that 95 per cent of the Zion properties belongs to the Christian Catholic church, and he has renounced in the proposition that, if he is given 5 per cent, after he has been installed in temporary control, both ecclesiastical and financial, he will retire."

"In other words, Dowie desires to be vindicated, rehabilitated with the full powers attending the first apostasy, whereupon he will issue an edict, declaring that 95 per cent of the property of Zion City belongs to the church and that 5 per cent belongs to Dowie. This would give to Dowie \$1,000,000 and to the church \$19,000,000."

**EASTER PREPARATIONS
AT THE CHURCHES.****Special Services to Be Held Tomorrow,
With Concerts—Churches Are
Being Decorated
Today.**

The churches of the city are being decorated today in anticipation of the services tomorrow. The services will be of a nature particularly appropriate to the day.

St. Monica's Church.

At St. Monica's church the first mass will be at eight o'clock; second at nine o'clock, and solemn high mass at 10:30, with a sermon by Rev. Fr. Gray on the "Resurrection." The Sunday afternoon services will be as usual. The musical programme for the solemn high mass is as follows:

Stella's Mass, Kyrie, Gloria and Sanctus

In the evening William Oliver will render the solo, "Face to Face," by John-
son.

Baptist Church.

At the Baptist church the pastor will preach in the morning on "The Resurrection." The choir will render the anthems, "The Priceless Gift," Gray; and "Awake, Thou That Sleepest," Allen. Special exercises will be attendant upon the graduation of a class from the primary department.

In the evening there will be a children's concert, assisted by the choir and Batchelder's orchestra.

Swedish Church.

Sunday school at 11 a. m. At 7 o'clock in the evening the Sunday school children will give a special Easter programme. All are cordially invited.

Salvation Army.

Meetings will be held in the S. A. hall tomorrow as follows: Children's meeting 10 a. m.; prayer meeting at 11 a. m.; free and easy at 3 p. m., and a Salvation meeting at 7 p. m. The 3 o'clock meeting will be led by Brother Lung.

Henry Flint, who has been very ill with pneumonia at the Emergency hospital, is now able to walk out each day.

Arthur S. Martin went to New York this noon on a short business trip.

**PHELPS RAN
BUCKET SHOP****Jury Found Last Night in
County Court****FIRST CONVICTION IN VT****Charles A. Phelps Formerly Kept a
Branch Office for the H. R. Leigh-
ton Company—Case Goes
Up on Exceptions.**

Charles A. Phelps, formerly of Barre and now of Gouverneur, N. Y., was last night found guilty of running a bucket shop while operator for the H. R. Leighton company of Boston in this city, after a most stubbornly contested trial in county court, which lasted the entire week. The fine for the offense is not less than \$200 nor more than \$1,000, or imprisonment. Sentence was not imposed, and the attorneys for the respondent stated that the case would be taken to Supreme court on exceptions.

The arguments and the charge to the jury were concluded last evening at 6 o'clock. When the case was given to the jury, Judge Russell stated that if they arrived at a decision before 9 o'clock, that they should announce it at once. Accordingly, five minutes before 8 o'clock the jury brought in a verdict of "Guilty." Notice that the case was to go to Supreme court on exceptions was given, and bail was fixed at \$1,000, being furnished by the two lawyers, Elisha May of St. Johnsbury and Richard A. Hoar of Barre. The respondent was released. Mr. Phelps was considerably put out over the verdict, but expressed the expectation that the verdict would be reversed when the case goes to the higher court.

This is the first conviction in Vermont for the crime of running a bucket shop. There have been a few prosecutions brought in one of which Attorney May appeared and was successful in getting the respondent off. The trial of the Phelps case has been followed with very great interest all over the state for the reason that successful prosecutions have been unknown. Phelps was arrested a year ago while residing in Barre and having office in the Miles granite building. The Leighton company was doing a fair amount of business here, having some steady patrons. A short time after the arrest of Phelps under the direction of State's Attorney Jackson, quo warranto proceedings were brought against the latter by Phelps to make him prove that he was a citizen of the United States and therefore eligible to the office he was holding. This State's Attorney Jackson did to the satisfaction of the Vermont Supreme court, but the attorneys for Phelps have filed a petition for the reopening of the case.

Phelps' trial for running a bucket shop was opened on Monday afternoon and has been conducted during the week. The testimony being put in yesterday forenoon by the defense, when Phelps went on the stand and testified that he worked under L. W. Shield of Montpelier. It is possible that there may be other prosecutions on the same charge. The Leighton company had several branch offices throughout the principal towns and cities of the state up to the time of the present assignment. The company is now in the hands of a receiver.

The case was prosecuted by State's Attorney Jackson, with John W. Gordon, while the respondent was represented by Elisha May of St. Johnsbury and Richard A. Hoar of this city.

**EVIDENCE OVERLOOKED
IN JACKSON CASE****Is One Ground for Asking That Quo
Warranto Citizenship Be Reargued
—Motion in the Hands of
the Clerk.**

The motion for rearguing the citizenship case of State's Attorney S. Hollister Jackson is now in the hands of the clerk, M. E. Smith, and only needs the signature of the chancellor. As Judge Russell is away from Montpelier, the formal filing of the motion is postponed. This chief ground on which the petitioners, C. A. Phelps, bases his motion is that important evidence was overlooked by the court in the personal testimony. Attorney May states that inasmuch as there were 250 pages of evidence he thinks the court made a remarkably quick decision. This is considered only a preliminary step to taking the quo warranto case to the United States Supreme court.

BUILD SECOND RESERVOIR.**Northfield Village Meeting So Voted on
Matter.**

Northfield, April 14.—The adjourned village meeting was held in village hall Thursday evening. It was voted to build another reservoir, with a capacity equal to the one constructed last year, about 250,000 gallons. A motion to increase the salary of the village treasurer from \$15 to \$20 was lost. It was voted that the village accounts be closed on the 1st day of March each year. The trustees were instructed to procure 500 feet of hose and two modern hose carts and to build one or more hose towers, as in their judgment was for the best interests of the village. There was a considerable amount of discussion over the various motions and the meeting did not adjourn until after 11 o'clock.

Wilfred G. Smith, who has been seriously ill with grip for the past four weeks, is now out and will be able to repair sewing machines again, as you will see by notice in another column.

THE LIBRARY QUESTION.**William Jack Would Have a Public
Meeting Called.**

Mr. Editor: Will you allow me a little space to say a word in regard to the action which was taken last night at the city meeting on the matter of having the new library built of Barre granite. In the first place I claim that the motion to pass over that article in the warning was unbusinesslike if not cowardly. I do not know who the mover of second of the motion was, but I do claim that they and their following was not representative of Barre people. Did they stop to consider whether it would be better to pay \$30,000 for cut granite most of which would circulate here or \$15,000 to be spent outside or into the hands of the brick manufacturers?

Other places have boards of trade to foster new industries, and today there are a number of places in New England not so favorably situated as we in Barre are doing a large amount of building work which should be coming to here. The proposed library will be used as an advertisement either for or against us, and not only that, but the fact of getting a start in that direction might mean more to the average citizen than one would at first suppose.

The growth of our industry should come from the building trade and I firmly believe that there is more money in it today for the manufacturers than there is in the monumental business, and I think that the manufacturers ought to be encouraged to make a start in this direction. Other cities are exempting new industries from taxation for a number of years and the like while our influence as a city seems to be entirely the other way.

I have talked today with a number of influential business men and nearly every one has expressed his willingness to subscribe an amount equal to what he would have been assessed had the meeting voted the other way.

Perhaps it will be as hard for me to pay my share as any one yet. I would cheerfully contribute the amount which it would have cost me had the meeting voted different last night.

In addition I would be one of ten to defray the expense of getting the opera house for a public meeting to be held at an early date to thoroughly discuss the matter.

WILLIAM JACK.

WATT—GRANT.**Barre Young People Married in Wil-
liamstown.**

Miss Mary Ann Grant of this city and William Watt of Pleasant street were united in marriage last evening at the home of the bride's aunt, Mrs. John Riddle, in Williamstown, the Rev. D. H. Strong officiating.

About 70 guests were present at the ceremony. Forty of them were from this city. A beautiful wedding supper was served after the reception.

The groom is well liked by all who know him. He is a popular member of Clan Gordon, and is an employee of Carr & Gordon. The bride is a well known young lady of this city, being a popular member of the Ladies of Clan Gordon.

The happy couple were the recipients of many very beautiful presents.

After a short wedding trip they will return to Barre to reside.

TWO GAMES WITH SPAULDING.**In Northfield High School's Base Ball
Schedule.**

Northfield, April 14.—Following is the schedule of the Northfield high school base ball nine: April 17, Spaulding at Northfield; May 5, Montpelier at Northfield; May 11, Randolph at Randolph; May 12, Bethel at Bethel; May 30, Montpelier at Montpelier; June 1, Spaulding at Barre; June 2, Bethel at Northfield. It is expected that a few more games may be added to the schedule.

**DONT ENTER CONVENTION
RUN INDEPENDENTLY.****Is the Burden of the Blank Petitions
That Are Being Sent Out to
Clement Supporters.**

Blank petitions have been sent into every town of the state to former supporters of Percival W. Clement of Rutland for governor, to be signed and returned to Edwin J. Hall of Bennington. The petition calls upon Clement to run for governor on an independent ticket and not to enter the Republican convention. The petition accuses the Republican management of state institutions and refers to the "shameful mismanagement" and the "gratuitous" due to ring rule. The petition reads as follows:

"To Percival W. Clement, Governor of Vermont, who love our state, feeling that its name has been dishonored by a shameful mismanagement of state institutions, graft among some of its officers, maladministration and extravagance in its business affairs, due to ring rule throughout, and, believing that it is of the utmost importance to the state that its administration should be cleansed, and that good roads, local option and other economic questions demand immediate action; and realizing that no one can be hoped for from existing parties:

"We, the undersigned, voters of the state of Vermont, hereby ask you, that in justice to those whose supported you four years ago and to the people of the state at large, you will run as an independent candidate for governor of the state, organizing state and county tickets and making a determined effort to end the misrule which has ruined the name of our state."

EIGHT MEN OVERCOME.**By Pumes of Chemicals Which They
Were Boiling.**

Ogdensburg, N. Y., April 14.—Eight workmen in a fulminate of mercury works at Ogdensburg, Ont., were found overcome by chemical fumes yesterday. The chemicals are mixed in monster open kettles, the fumes being usually carried off by the wind. Yesterday, however, became so stifling that the workmen finally fled for their lives, but fell unconscious before they had gone far. It is believed all will recover.

Alfred Lomeran went to Burlington this afternoon to spend Sunday at his home.

**NO MONEY
FOR LIBRARY****Citizens Pass Over Article
Calling for Special Tax****AT THE CITY MEETING****Salaries of Mayor, Aldermen, City Clerk
and Treasurer, Assessors and**
